

Protect the Value of Your Critical IT Assets in Transit.

Optional All Risk Shipping Protection for high value technology shipments.

Moving critical IT equipment involves more than logistics. Guardian's optional Shipping Protection helps safeguard the full declared value of your shipment against physical loss or damage during transportation.

Whether you're relocating a data center, transporting enterprise infrastructure, or moving sensitive technology assets across the country, you gain greater confidence from pickup through final delivery.

FULL VALUE PROTECTION

Coverage for the declared value of your shipment, plus an additional 10%.

NO FAULT COVERAGE

Protection is based on the covered loss, without requiring fault to be established.

UP TO \$1 MILLION PER SHIPMENT

Designed for high value IT equipment and data center logistics.

SIMPLE ENROLLMENT

Available as an optional service during the quoting process.

BEST FIT FOR

- ✓ Data Center Relocations
- ✓ Enterprise IT Refreshes
- ✓ High Value Server & Storage Moves
- ✓ Multi Site Technology Deployments
- ✓ Compliance Sensitive Logistics
