The Sentri Workflow: From Request to Results

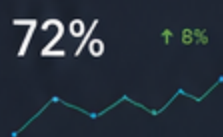

Why Sentri Changes the Experience

Most providers manage projects. Guardian manages the entire operational ecosystem.

- ✓ Faster quote turnaround times
- ✓ Greater operational transparency
- ✓ Better communication across all stakeholders
- ✓ Proactive issue management
- ✓ Higher service consistency nationwide
- ✓ Improved project accuracy and accountability
- ✓ Enhanced customer and partner experience
- ✓ Actionable operational intelligence

Powerful Insights. Smarter Decisions.

Experience the Guardian Difference.

Sentri is one of the reasons Guardian delivers a higher level of operational consistency, responsiveness, and visibility across complex nationwide projects.

Let Guardian handle the execution while your team focuses on growth, customer relationships, and winning more opportunities.

**BETTER VISIBILITY.
BETTER CONTROL.
BETTER RESULTS.**

That's the Guardian way.
